

Rising 4th Grade Summer Math

Math

Your child has learned Multiplication and Division Facts 1-10 this year. Do Not let that skill regress.

Your child is expected to have mastered these facts on Day 1 of 4th grade. Flashcards have been provided to help with this. 2 minutes of Flashcard work 3-4 days a week will keep up this skill.

Fourth Graders,

Return your completed math packet to me on Orientation Night, August 31, 2021.

It will be counted as your first homework grade of the year.

~Mrs. Walley
